AMOUNT OF CHILDREN : 40 CHILDREN
GROUPS : 2 GROUPS
GROUP 1 : GRADE 1,2,3,4,5
GROUP 2 : GRADE 6,7,8,9,10,11 AND ADVANCE LEVEL STUDENTS.
TEACHER : G.S. NELUM KUMARI

I'm glad to coordinate this project with SLBV organization. Actually there are lots of poor family living in the village. I know , when I was been Gunasekara, I had big help from SLBV for complete my education. So I am success my life. Just I'm happy so without my parents and any relations but I able to facing how to manage my life. Also I would like to sending my big thanks and faith to SLBV and all sponsor parents, for their valuable donation for children education. All of helpless clever students able to success their lives with your donation.

Just I'm complacent about my pupil's English and computer knowledge. One student went to the job after completed Ordinary level exam. She told me if not this project he couldn't get a job as a data entry operator . Her name is Anuki. She sent her big thanks to the president, all of sponsor parents and members of SLBV Organization.

Now I admit the new pupils for next six months. But some old pupil's parents requesting , continue the course until the children's Ordinary level exam. If not practical they forgot lessons. I explain to them. I want give to chance to new students. So admit new few students , I think more students join in future. But limit 40 students only.

Few students wrote their comments below.

I'm Vinudha Sathsara, 13 years old and I'm in grade 8. The Win-Win project is a very good opportunity for us, because my parents are unable to give money for private computer class. Actually it's very expensive and only my father is working as a painter and my mother is going to pick tea leaves in tea estates but she doesn't get good salary only 800 rupees per day. So I would like to send my big thanks to all of the sponsor parents and SLBV organization.

I'm Nethuli, I am in grade 8. My father is working in a tea factory. My mother couldn't do a job. She is unable to talk. This project is helpful to me. Because I am not going to any extra tuition classes. My parents couldn't afford expenses for me. I also have one little sister, she is only

4 years old. My teacher Kumari is also helping to improve my English language. She is very kind. Thank you very much to all of the sponsor parents and president, Ms. Margarita, Ms. Thushari and all of the members in SLBV organization for giving all of the facilities and computer center.

I am Dilmith Dinsara and 13 years old, I am in grade 8. My father is a mason bass and mother also going to working in tea factory. This project very helpful for my education. Just I can prepare the latters, thank you card, posters, newspapers on Microsoft word and I can make a presentation on Microsoft power point and learnt Microsoft excel , MS Access and internet , email . Thank you very much for giving this chance with all facilities . Thank you my teacher Kumari and SLBV organization.
